

College of Lake County's  
**BLACKBOARD**

## Getting Started with CLC's Blackboard

Log in to CLC's Blackboard site at:

<http://clc.blackboard.com>

or use the Blackboard link on CLC's main web site at:

<http://www.clcillinois.edu>

### To log in to Blackboard:

Click the "User Login" button at the left to go to the log in page.

Your **Username** is typically your first initial and last name.

Your **Password** by default is your birthday in MMDDYY format: Two digit month, two digit date, two digit year. Once you log in to Blackboard you can change your password using the "Personal Information" link and "Change Password".

You will see your courses listed under My Courses and "Courses You are Teaching". Your students are automatically enrolled in these courses. However, by default your courses are marked unavailable. This means the students do not see the course in Blackboard until you make it available.

For instructions on making your course available please see:

<http://yyz.clcillinois.edu/BlackBoard/bbavailable.htm>

This video tutorial will walk you through the process of making your course available.
